**L-48** [A brother calls the prayer line--Ed.] [A sister prophesies--Ed.] Amen. Blessed be the Name of the Lord. God bless the sister that give that. Have faith and believe.

Trying to believe, aren't you, sister? Just have faith. For your boy, isn't it? The boy has heart trouble, doesn't it? That right? Haven't you just recently become a Christian too? I thought so. You'll believe me if I tell you something? You've already done the thing to cause the boy to be healed. Don't doubt nothing; just believe. Do you believe if I'll ask God from here, you'll be able to take the boy and go home, and he'll be all right, if I'll ask Him? Let's bow our head a minute.

Father, a little lad...?... here is going to die if something isn't done for him. I know that You promised us that You'd bind on earth what we bound. And I pray that You'll bind the spirit of the enemy that's trying to take that child's life. May this newly converted mother and the child, be a happy and healthy the rest of her days, for I bless them in the Name of Thy Son now, Jesus Christ.

Mother, take your boy and go home. It's going to be well. [\[Matthew 16:19\]](#), [\[Matthew 18:18\]](#)

**L-49** You, brother, setting right behind here, all worried and broke down with TB. Isn't that right? You can go home too. You're healed also.

Just have faith. Don't doubt. Believe with all your heart. God will make whole any of those who have faith and believe Him. You believe that? All right.

Yes, sister. It's all right now. That's--that's okay...?... sister. You're healed, sister. [The Tape is unintelligible--Ed.]... you were born. You were born. You're either parent's divorced...?... That's your trouble. It's in your...?... Now, if God can reveal back, to tell you those things that you know that it is the truth... Is it? Well now, the next thing is for you to recognize, that in the Presence of the Almighty God you now stand... Someday at the judgment when we stand there, He'll give witness that He was here. You worship Him.

**L-50** Now, the things I've told you has been the truth, hasn't it? Now, the next thing, if I've seen what has been since you was a little girl, down your life's journey, and even your parents before you down this far, God will heal that crippled leg and make you...?... Believe that? With all your heart?

All right. Every one bow. O Jesus, merciful Son of God, borned of the virgin Mary, suffered under Pilate, crucified at Calvary's cross, the Innocent for the guilty, died, buried, rose up the third day, setting at the right hand of God the Father, now making intercessions for us; I come to Thee, and to help a sister here. Down through the cycle of time You spoke to her since even before she came on the earth, concerning her parents; and from her, down to this age... Here she stands tonight, bound in her left limb, suffering a nervous condition. Many things has bound her. And Thou, Who knows what's been in the past, knows what the future will be. Speak it through Thy servant's lips, O God. Hear my prayer.

Satan, in the Name of the Lord Jesus Christ, leave the woman.

All right, sister, look this way, believing...?... go to a hospital...?... I got eight...?... Thank the Lord for your left limb, sister.

**L-51** You could be healed of that back trouble, if you'd just believe. Do you believe? Stand on your feet then, for Christ has already healed you of it. Amen. Amen.

Come. All right, you can come forward. Good evening, sir. Let's have your hand now, brother. Come here, brother, I'm going to ask you something right here, brother, before the audience. Now, when you came up there... After you was there just a few moments, you begin to get a strange feeling. It's on you

right now. Isn't that right? Just raise your hand. [Blank.spot.on.tape--Ed.]

All right. Just...?... to raise your hand so the people will see that that's right. Hear, my brother, you're already healed. Jesus makes you well. You believed it before I even told you what was wrong with you. But you had a nervous condition...?... Your sickness is over.

Let's say, "Praise the Lord." Now, his faith healed him. Now, be in prayer. Friends..?... now God is...?...

**L-52** All right. Good evening sir. Come forward, let's see your hand. Yeah, before I take ahold of you, I feel it hitting me already, it's...?... That's the most...?...

There's so many vibrations coming, I would have caught it before, probably. I just happened to feel it as he walked close. Now, that demon knows. Now, if that--if that man will only have faith, he has to leave. Now, I can't make him leave him, unless he believes me. [Blank.spot.on.tape--Ed.] Oh, yes. Here's a... [Blank.spot.on.tape--Ed.]

Keep believing, then it'll have to leave you. Then that's what the worry is right now. He knows that God is here to make him go. Believe with all your heart.

Bow your head. Mothers, keep your children.

Father, bless this man who I bless in Thy Name. Satan has bound this fellow, take his life and throw him anywhere, or try to kill him, shorten his days. But You promised whatever we asked and believe, we receive it and you shall have it. That's written in the Word.

Satan, in the Name of Jesus Christ, I ask you to leave this man.

Now, look here, sir. [Blank.spot.on.tape--Ed.]

Let's say, "Praise the Lord," everybody. All right, everybody be reverent.

**L-53** All right, sister. Oh, yes. You're the lady that I met down there at the zoo place the other day. Isn't that right? Amen. Let's see your hand, sister.

All right. This was the lady and you finally got your prayer card. She asked me if there's any way she'd get...

I said, "Sister, I cannot give a prayer card." I said, "If I--if I... Now, you go ask my brother; he's giving out the cards. And if you'll stand in the section, he will give you a card. But now, whether you're called, that's in the providence of God." (Is that right?) But it seemed like that it must've worked. I do not know. The lady come up to me and was standing there; her and her husband was talking. As soon as she drew near, she was such a believing, until the Spirit of the Holy--the Holy Spirit hit, spoke right out and told her what was wrong with her. (Isn't that right, sister?) All right, let's pray now. Bow your heads.

Our heavenly Father, You're near to make this poor little frail woman whole. God, I realize without Your help, it's totally impossible for her to exist. But Thou art here to help her. And I bless her now in the Name of Jesus Christ for her healing. May it leave her, never come again. May she go home singing, happy, praising God. And may it cause an old fashion revival up in that part of Indiana, for I ask this in Jesus Christ's Name. Amen.

All right, sister, look this way now with all your heart and believe. The vibration is leaving now. God bless you. Go on your road. Write me your testimony, and I'll...?... you believe, that "God's making me well." God bless you, sister.

Let's say, "Praise the Lord," everywhere...?... weakened her. All right, everybody be reverent. (What's this? Oh, it's...?...)

**L-54** All right. The man is... And this man is in worse condition. Made you weak, didn't it, sister? Just don't fear.

Any powers that can kill a cancer, or straighten a crippled limb, or could bring a man from death to life, it isn't just to be looked at lightly. Now, the man here, very hard of hearing. And he's got something in his wrist that's cutting off the circulation of his wrist, 'cause he can't do a fist or nothing. All right, bow your head everywhere.

Our heavenly Father, Who brought again Jesus from the grave, I ask You to be merciful to this man.

Satan has harmed him. A deaf spirit come upon him to cause him to walk before a vehicle somewhere and be killed, shorten his days, cutting off the circulation to his limbs, taking one of his hands. But he comes tonight, Father, as a believer. Make his testimony great in the community that he lives in. May his testimony cause a revival. He's getting aged. Just a little while, the works of Jesus. And may he be able by his testimony to win many, many souls to You. Grant him this opportunity, Father. We're taught that all things work together for good to them that love You. Help me now in this challenge of faith against Satan.

Thou demon powers that has bound this, our brother, in the Name of Jesus, the Son of God, come out from him. Go on reverent. The vibration has left him. Just a moment now...?...

Answer me. All right. You can raise your heads. Hear me now? Say, "Amen." I want you to say it. I want you to... You hear me? You can hear me all right? All right. Move your hand up-and-down, like this. Put your hand back and forth, like this. God bless you. It's over; you can go home and be well, brother.

Let's say, "Praise the Lord," every...

**L-55** Come forward, sister.

Now, dear brother, in about... You could hear a whisper or anything by morning or day after tomorrow. Then you're going to go almost completely deaf again. Just keep praising God. Keep that trumpet away from you. God bless you. You got it.

How do you do, sister. What if I tell you what... You got healed up, setting there in the chair, would you believe me? Heart trouble, so you can move off the platform now, well, while you're praising.

Let's say, "Praise the Lord," everybody. He's here to make known His secrets and do all things well.

How do you do, sister dear. You believe with all your heart? I know what's wrong with you, but you haven't yet received your healing now. But you have two things wrong with you. I see another one coming in. Let me... so... You're trying to have faith, aren't you? You're just pressing yourself, aren't you? But that isn't it. Just's just settle yourself, sister, and say, "I believe." It's isn't what you can make yourself do; it's just what just simple faith... Just...

What color is my shirt? White. Now, you have a sense of sight that says it's white, doesn't it? Now, if your faith says, "I'm going to be healed right now, the same as this." You know it just as well as your sight says that shirt's white, it's over. You believe it with all your heart? Let's see. It's there.

**L-56** Now, I'll have to be honest with you, sister...?... I--I'd--I would like to see you healed right there. But that... Want you look at my hand here a moment. See how it's turning red and little white things running over it? I'm going to take your hand off of mine, put my hand on there. Isn't there now, is it? I'm going to take your other hand. Don't hold nothing in this hand. Over here, put this hand here. It's not there now, is it? Now, there's just as much feeling in this hand as you are in that hand, aren't you? But then He told me to take the patient's right hand in my left hand, which is near my heart. See? And I do it with all my heart. See?

Now, look, and I want you to watch. Now, see my hand? Now, watch here. See it now? Now, stick your hand right back the same way that was. Looky there. See what I mean?

Now, sister, that's the power of Satan. You have a female disorder, isn't it? It's almost to a cancer. I want to ask you a question. Thought I seen here... [Blank.spot.on.tape--Ed.] Now, that was just a question. Now, ask her, was it true, sister, that I told you? If that's right? True. Just a--a secret I couldn't speak before the audience. Believe me with all your heart and be healed. Will you do that, sister?

**L-57** Let's bow our heads, everywhere. Father, we thank Thee for Thy mercy tonight. Bless our dear sister now. May this power of the enemy leave her. She's trying, Lord, trying to have faith. And she comes to Thy servant to help her in faith to intercede for her. And I'm blending my faith with hers. And I go in this channel now of faith to challenge this demon that's bound her.

Satan, you who bound this poor little woman to take her life, I come in this challenge of faith in the Name of Jesus Christ, claiming the gift of Divine healing ministered to me by an Angel. Come out from

the woman through Jesus Christ's Name. Now... Amen.

There it left her. Now, before I raise my eyes and look... Sister, you look at my hand. Is it normal just like the other one is now? Now, look, sister dear, something happened, hasn't it? Now, you know that beyond a shadow of doubt. Standing here, telling you things of your life (Is that right?), what was wrong with you... Now, watch. Now, there's my hand, just the same. Now, take yours, just the same. Now, put this other one, just the way you had it awhile ago now.

Something's happened, hasn't it? Well, you're healed, sister. That's what it is. Yes. See? You go on your road rejoicing.

(Everybody be just as reverent as you can be.) Believe with all your heart. Different now. You notice it dropping down.

**L-58** All right, bring the lady on. Good evening, sister. (Come...?...) Look this way. Oh, your trouble's in your back. Isn't that right? You believe with all your heart? You believe if I'll ask God, He'll give you its freedom again?

All right. Let us bow our heads, if you will.

Our heavenly... [Blank.spot.on.tape--Ed.] To tell her, she's serving You in the capacity here at this camp, for Thou has so ordained that she should do this. We thank Thee for her healing. And pray, God, that she'll be a great testimony in her community, through Jesus Christ. Amen.

God bless you, sister. You know when it happened, so that's... All right. It's gone.

Let's say, "Praise the Lord," everybody. Oh, my. What you think that it--the power of the Holy Spirit just numbed her too when He...

**L-59** All right, bring the lady, and everybody be real reverent now. God bless you sister, have faith now. You're just a little...?... [Blank.spot.on.tape--Ed.]...?... your trouble

Oh, I see. I was going to tell you something. You had two or three things wrong with you, main thing is you--you got arthritis, haven't you? Just now I could see how you're moving. And when a vision comes before me, I seen what was happening, the way you handle yourself. All right.

Now, you've had trouble in your life, haven't you, quite a bit of it? You've had an operation in your life. And you've been bothered with other troubles, which you know what I'm speaking of. You understand. Is that all true? All true. All right. Your faith is at the right place, sister, just at the right place to be healed if you'll just accept it now. Will you do it?

Let's bow our heads. Heavenly Father, bless this, Thy handmaid, Lord, that she may be free of this demon tonight that's binding her.

Satan, in the Name of Jesus Christ, leave the woman. [Blank.spot.on.tape--Ed.]

Now's the time for you to act on what I tell you to do. Raise your hand up in the air. Put your feet up-and-down, like this. There you are; your arthritis has left you, sister.

Let's say, "Praise the Lord," every one.

You'll be well the rest of your days. God be with you and bless you.

**L-60** Everybody believe. Good evening, young lady. You have a very...?... faith to be healed. What are you... [Blank.spot.on.tape--Ed.] You think it's wondrous. You believe that what I told you is the truth? All the things that you've heard are the truth? You do? I mean what you've heard me say here, what you were thinking tonight, and told you what was wrong with you. But I would be able to do that. For He promised me that I would, and then I--I know I would... it'll be all right. Something you have in your heart, don't you? And it's a female disorder. You're suffering with a female... That's right. Isn't that right? It's gone from you now. God bless you, sister. But how do you...?... [Blank.spot.on.tape--Ed.]...?... Lord Jesus... Let no one...?... believe...?...

Hate to have to say those things, but when the Holy Spirit says so, you've got to say them things. That's right. God bless you...?...

All right. Come right ahead, sister. Go off the platform and be well of your tumor. And God bless you.

And you can go home...?...

Let's say, "Praise the Lord." You believe with all your heart?

**L-61** Lady, your little boy's about fifty percent different now than what he was, 'cause there's light beginning to come around him to make... So you can take him home now if you want to. Be well.

How many would like to receive their healing right now? Now, remember, friends, if God is here to reveal things and to tell things, and if anything ever happens to make you doubt that, God have mercy. That's all that anything could be done. Isn't that right? God have mercy. Now, you must believe with all your heart in order to remain or retain your healing.

There's some handkerchiefs here. He wants me to pray over them. Yes. This part in here, I just prayed over this. There's somebody in Holland, or Hot Hotel Hollander. Holland, H-o- double l-a-n-d-e-r, Hollander. All right. This is... Their handkerchief's laying right here. They may come and receive it. I just had it at the room. That's all of those...?...

Here, what's this? It's a telegram. Just a minute. "Please pray for healing for my dying..." Oh, this is the reason, this prayer request.

Now, just before... Let's bow or heads while we pray over these.

Our heavenly Father, You know all things and can do all things. And we're committing these letters to You now, these requests, laying here on this platform on the pulpit, that You'll heal every one of the people that they represent. There's many that's deeply and sincerely in distress and in need. God, hear the prayer of Your children as we're binding ourselves together now. And with one accord, we pray that You'll heal every one of these people and make them well through Jesus Christ's Name. Amen.

**L-62** Now, how many wants--will believe, if we'd ask God just now, you'd be--you'd have your healing? Now, look, it would take... It would take about an hour to get through one... Oh, more than that. Now, God knows all of that.

Now, see, when... Here's what it is, friends. When you go to believing like that, it--it begins to seem that--that it just... You have to single it out. And when everybody's looking... Just imagine, just about three thousand things buzzing against you at one time. You have to almost get the person right before you when it's coming like that, before you know just what is.

But please, if I have found grace in your sight, if you believe me... And God, Who I stand before, knows that about the gift and the visions, is true, so help me, dear Lord Jesus... I want to go to heaven when I leave this earth. And I don't want to go there and try to get in as an impostor. I wouldn't get in. And I'm testifying of the truth.

And nightly, I feel condemned to having... We bring people up and tell them what is wrong, and bring... And make the people kinda get in this place, yet they say... [Blank.spot.on.tape--Ed.]... now, to get all the people into the prayer line. That isn't necessary, dear friends.

**L-63** Now, I know there's people goes through the country, and says they're the only one that has the right to pray for the sick, and so forth. Now, that is an error. Any Christian has the right to pray for the sick. The Bible said, "Confess your faults one to another, and pray one for the other." Everybody. Your pastors here has just as much right to pray for the sick as I, or anyone else.

You don't have to follow healing campaigns. Sometimes in the healing campaigns, you'll see the things going to pass. Someone may get a--a testimony of healing. It stirs your faith. You see signs...

**L-64** But do you remember, the Angel of the Lord said, "As the prophet Moses was given two signs to prove to Israel that his testimony was true, so will you be given two signs." Have you heard it before? You've heard the story. And Moses performed those signs one time. That was enough. Is that right? Here went Israel following him to the promised land.

I trust that God will give you grace for the next five minutes to believe that I'm telling you the truth. See? I say this upon the merits of Jesus Christ, and the Bible, and the testimony of the gift to confirm it, that Christ's attitude is exactly the same towards every one of you. He's here to heal you this night.

**L-65** Maybe you might not have the spontaneous faith to bring something, just a miracle right to you. You may not have that kind of faith. But Jesus said, "If you had the faith like a mustard seed, you could say to the mountain, 'Be moved,' and by and by, it would come to pass." It wouldn't vanish it away. But by and by it would come to pass.

Now, the mustard seed, the reason He said that... You could mix kale; you could mix spinach, breed it together, but you can't mix mustard with nothing. It won't mix. It's just mustard to be mustard.

And if you've got just the least little grain of faith, that's genuine mustard seed faith that won't move, stay with it; it'll bring you out.

Now, some people have faith like this. Some has that much, some has that much, and some can go plumb over their heads in miracles. But because you haven't got that much, that doesn't mean that you can't be healed. If you had the least little bit of faith, just stay right with it. It'll take you out. Will you believe that? That's the truth. God will make me answer for it, if I haven't told you the truth. Can you accept it now upon the basis of God's...

**L-66** Little girl, you've been healed for the last twenty minutes, honey, setting there, the little Spanish girl setting there. See? And don't--don't worry about that. I seen you healed awhile ago.

Now, notice. Look. Every person in here can receive their healing right now. When you will believe that you're healed, just the same as you believe that's white. Believe that you're healed, accept it, and say, "Thank You, Lord." Walk right away, and take it, accept it upon those basis and be healed. How many will believe that now, say, "Amen."

All right. I want you to stand up while we have prayer.

Look. There's a man setting here that my heart bleeding for. Come here. Are you a real believer in Christ, brother? You usher, which I see you are. Come here just a moment.

How you feeling, sister? Better? All right. That's the way to accept it though. Go home and be well now. You're out of your wheelchair. You can go home and be made perfect. Now, you didn't have to lay your hands on her now. God bless you, sister. Your faith has saved you, a little Mennonite woman.

**L-67** Let's bow our heads. Our heavenly Father, Thou art here to heal the sick, to perform miracles, to cast out demons, to reveal the secrets of the people's hearts, to call demons by their names, to heal all manner of sickness and diseases among the people. Lord God, we thank You for everything that Thou hast done this night, and pray, God, that this will be a great night, that every person in the building may rise, as this woman out of a wheelchair just now, standing by faith, believing. God, may they go home healed, every one of them, and made completely whole. I now ask this blessing of their healing through Jesus Christ's Name.

Satan, thou ungodly spirit, you that tries to bind people with unbelief, tries to make them doubt, you are a loser. You're defeated. I now plead the Blood of Christ around every believer, that you foul...?... spirit leave this audience. In the Name of Jesus Christ, come out from the people. Liberate them through Christ's Name.

### **50-0820E - Tent Meeting, Cleveland, OH (Paragraphs: 58 - 79)**

**L-59** All right, sister. Let's see your hand. Come this way. Now, only thing I do this, sister, is just to contact you. Or, is this the patient? Sometimes people are standing here, and maybe to talk or something. That's the reason I see... My brother there keeps them lined up, so it's just the patients with cards.

All right. Yes, sister. God bless your poor soul. Now, look this a way. The thing I'm doing... Now, this is not... I'm just... You're human. You have a spirit. And this is a gift to contact your human spirit. You are a Christian. You--you're a believer, Christian believer with the Holy Spirit. All right.

**L-60** Now, look. In the Bible, I want to tell you something. One time when Jesus' ministry just become

very popular, and one of them was converted by the name of Philip. And he went for Nathanael, his brother. And he brought Nathanael down to where the prayer lines, we'd say, was. And when Jesus saw Nathanael coming, He said, "Behold, an Israelite, indeed, in whom there's no guile." Is that right? In other words, today you'd say, "Behold, you're a real good Christian." Is that right? Now, that's what you are. True.

And He said, "Whence knowest Thou me, Rabbi?"

He said, "Before Philip called you, when you were under the tree." Is that right? That's what Jesus said to Philip. And Philip acknowledged, and said--or Nathanael, rather. And said, "You are the Son of God, the King of Israel." Didn't he?

Now, Jesus said, "These things that I do, greater shall you." Is that right?

Now, when did I know you? When you were refusing food there at the table because of your stomach trouble, and it's left you now. You go on home and eat what you want to. God bless you, sister.

Let's say, "Praise the Lord," everybody. All right. (Pardon me, sister.) [\[John 1:47-50\]](#)

**L-61** Good evening, sister. You believe with all your heart? There's something wrong with you, of course, or you wouldn't be here. Now, look this a way, sister dear. I see you have several things wrong with you. You been scared about one thing, when it's wrong. Yes, I see something else too. I see you have arthritis also, don't you? Do you believe me? You have to, don't you? You do. All right, you just remove your glasses, raise your hands up in the air, and say... Give God thanks and praise. Stomp your feet up-and-down, for it's left you. And you can go on home holding it for souvenir, sister. You're healed. God bless you.

Let's say, "Praise the Lord," everybody. All right.

**L-62** All right there. Come on, little girl. Bring the little... Oh, my. A sweet little thing. Oh, my. It's a little mute, or... Now, it's both on... I... It's deaf anyhow. I... All right. Bow your head, everybody.

O Jesus, Son of God, You Who brought Life to us, this dear little curly headed angel... I'm thinking of my own little Rebekah, Lord, thinking my little Sharon that lays there. And here's this darling little thing comes crying, leaning her little head over on my bosom. O God, bless this little girl. If You were here, You'd lay Your holy hands upon her, and every demon power would turn her loose. Jesus, help Thy servant, Lord, as I challenge this enemy for this child. May I have power of faith to believe, that will rebuke that demon from her.

Satan, in the Name of the Lord Jesus, turn her loose. Still holds her. Keep your head bowed. O Jesus, Son of God, Author of Life, Giver of every good gift, send Thy blessings upon this little girl and heal her of this ears, Lord. You're here to make her well. And this spirit of the devil has come to the little thing's ears. Thou art here to make her well.

Thou demon, come out of her in the Name of Jesus Christ. There it goes. Looky here...?... Can you hear me little girl?...?... Does it hurt you all the time? Can you hear me all right? It quits hurting you now. Huh? Well, bless her little heart.

Let's say, "Praise God."

O Jesus, we thank You for Your goodness and mercy. Bless her now, and keep her well through Jesus' Name. Amen.

God bless you, honey. You love Jesus? With all your heart? I love you too, honey. And I think you're a sweet little girl. All right, you return back to mommy now and say, "Thank God for healing...?..." Amen.

Let's say, "Praise the Lord," everybody. All right. Now, everybody be reverent, just as reverent as you can be.

**L-63** And bring the little laddie on. Now, everybody just as reverent, and don't make noise if you possibly can. Hold it steady here. Ears too, all right, bow your head, everyone.

Dear heavenly Father, as this little laddie boy stands here tonight, Satan has bound his ears. Thou can give him back his normal condition, God. And I pray that You'll heal the little fellow and make him well.

You said, "Suffer little children to come to Me. Forbid them not, for of such is the Kingdom of God." O God, this dear little boy. Thou art here to make him well. Hear the prayer of Your humble servant, as I pray through the Name of Thy Son.

Thou spirit of the devil that's bound this little boy, in the Name of Jesus Christ, come out from him.

Yes. All right? All right, you may raise your head. Little fellow's crying... Can you hear me? Say, "Amen."

[The boy says, "Amen."--Ed.] Amen. There you are. You're normal and well now, honey. Say, "Praise the Lord." Raise up your hands and say, "Praise the Lord." [The boy says, "Praise the Lord."] Amen. There he is. God bless you, honey, run along. All right. [\[Matthew 16:19\]](#), [\[Matthew 18:18\]](#)

**L-64** All right, come forward. How do you do, sir?

Let's just give God praise... Go ahead. That's all right. I... Let's just rejoice in the Presence of our Lord.

*Amazing grace! how sweet the sound,*

*That saved a wretch like me!*

*I once was lost, but now I'm found,*

*Was blind, but now I see.*

You with the heart trouble there, do you understand, sir? You believe with all your heart Jesus will heal you and make you well? Setting there in that second row, back behind there, if you have faith in God, believe with all your heart, you may receive. Your back and all will be healed.

Do you believe it? Stand on your feet. Yes, that's you I'm talking about. Jesus healed you of your back trouble and heart trouble, brother. You're well now. God bless you. Amen.

*When we've been there ten thousand years,*

*Bright shining as the sun;*

*Oh we've no less days to sing God's praise*

*Than when we first begun.*

Amen. You all believing? People thinks it's kind of a noisy group. But you ought to have been there on Pentecost when--when they were all acting like drunk people, the virgin Mary, and all. You say it's not so? The Bible says it is.

**L-65** He's here. All right, sir. Your tumor left you. You can go on off the platform. You're healed from your illness. All right, God bless you, brother. Amen.

*Oh, how I love Jesus,*

*Oh, how I love Jesus,*

*Oh, how I... [Blank.spot.on.tape--Ed.] how I love Jesus,*

*Because He first loved me.*

*(How many really have...)*

*I'll never forsake Him,*

*I'll never forsake Him,*

*I'll never forsake Him,*

*Because He first loved me.*

Our heavenly Father, that's from the depths of our hearts. You're here. Your Presence is felt right now with us. We see signs and wonders. You said, "These signs shall follow them that believe." Nineteen hundred years have past. You said, "I'll be with you always, even to the end of the world." Cleveland receiving its time of visitation, the Gospel being preached just before...?... Help, Father, that all will receive Thee, be healed and saved through the manifestation of Thy gifts and powers that You promised in the last days. For we ask it in the Name of Thy Son Jesus. Amen.

**L-66** All right, bring him. You know, sometimes you just have to give vent to you're feelings, don't you? Jesus said one time when the people were screaming. Some of them said, "Make them hold their peace."

The priest, they said, "Make them hold their peace. They make us nervous."

Jesus said, "If they hold their peace, the rocks will cry out." See? Something has to take place. Oh, my. When He's near, something takes place.

All right. You believe? All right, the arthritis you had has left you. And you can go off the platform praising God. There you are, you're healed.

Let's say, "Praise be to God." Jesus Christ, the same yesterday, today...

All right, bring your patient on. Come on, sister.

All right, have faith. Everyone believing with all your heart. Do you? Right now, do you... Would you accept Him as your Healer? Could you believe Him?

How's the back feel, brother? All right now, isn't it? It's done forever. Your faith saved you, dear brother. I seen that a few moments ago. [\[Luke 19:40\]](#)

**L-67** Good evening, sister. Do you believe me? Would you accept me as God's prophet, to believe that I know what God would have you to do? Would you do what I tell you to do then? All right. Your--your eyes is what's a bothering you. Isn't that right? Now, tonight, when you go home, I want you, when you lay down, to put your hand over your eyes, and say, "Lord, help me." In the morning when you wake up, it'll all be gone. You'll... You believe that? All right, sir. God bless you, and be with you.

Let's say, "Praise the Lord."

Now, I want to have your testimony when you come back. You come back and tell what happened.

She's going blind. The op... The very nerves in her eye are dying. Give her something to do so that she could believe it, and have faith, and God will grant it to her. Now, you do what I told you. And you come back tomorrow night, and let us see--hear from you.

How many believes she's going to be perfectly normal? With all my heart, she's... I believe it with all my heart.

**L-68** All right. Come on, sister. Bring the--the patient on.

All right. Of course, we see what the woman has in her hand right here, walking across the platform. She's all ready going to trust God.

Thou spirit of the devil that's bound her in her ears, in the Name of the Son of God, Jesus Christ, leave the woman.

Can you hear me? Say, "Amen." Hear me now? Say, "Amen." Can you hear me? Can you hear me? Never left her. No, there it is. All right, let's ask again.

Our heavenly Father, we ask You to be merciful to our sister, to heal her, to make her well.

Satan, in the Name of Jesus Christ, come out of the woman.

Hear that? Hear that? Hear me? (She's just hear a little bit.) Hear me? Just--just hears sound, that's all... There it is, still on her.

Now, everyone just a moment. It may be something wrong with her life that I can find out just in a moment.

**L-69** Look this way. [A sister talks with Brother Branham about the patient--Ed.] Yes, ma'am. It's holding her now, and I can't see nothing why.

Almighty God, Author of Life, Giver of every good gift, send Thy blessing upon this woman who I bless in Thy Name.

Thou demon, leave the woman. In the Name of Jesus Christ, come out of her.

Now, everyone can see it's still holding her. See? See it on my hand? Now, watch here, audience, so you can see, so you'll know what I'm talking of. So you see this, when it leaves her now, she'll hear. See? Now, watch.

Look at my hand now. Now, watch, I'm going to take my hand off of hers, put my own hand on; look here. Now, watch. I'll take her other hand over here and put on. Now, watch as soon as this hand goes on here. There it is. See them little white things running there, like little bubbles? Now, that runs right

straight to my heart. That's what upsets me so. See? See it running in there? Now, watch. Now, watch when I raise her hand up. See them leave? Now, watch. There they are. See them? Now, that's what it... Now, there's what's wrong with her. She's also got female disorder. She's got kidney trouble. See?

**L-70** Now, let's pray again. Everyone be just as reverent as you can. See?

Almighty God, Author of Life, and Giver of every good gift, send Thy blessings upon the woman, and bless her, who I bless in Thy Name, that she may be healed tonight, and this spirit of the enemy taken off of her.

Thou demon, leave the woman. In the Name of Jesus Christ, come out of her.

It's still holding her. (You may raise your heads and look.) If I could write to her, I want to ask her a question. You got a pen on here? All right, everyone reverent. Now, just bow your heads.

**L-71** Jesus, Son of God, have mercy upon the woman here. Why this spirit is holding her, I know not, Lord. And I cannot know until You reveal it to me. And I ask You to be merciful, and reveal, or, heal the woman, Father. Hear the prayer of Your humble servant. In the Name of Your Son, Jesus Christ.

Satan, thou demon of deafness and troubles that's bound this woman, in the Name of Jesus Christ, come out of her.

It's still holding there, sister...?... Now, that's one, the sullen type now. I don't know just what to do until God shows me. I'll have to wait to find out what He tells me to do. There's something wrong in the woman's life, or some way God's a holding it. I do not know. See, I can't say until He reveals it. Now, that shows the helplessness of me. See? All I can say is what He would tell me. I can just... Be reverent. I believe He'll tell me, show me what it is.

**L-72** I'll try once more to pray for her and see... I'm looking right at the woman. I can't see a thing. She... I can see what's wrong with her. Here it is a vibrating. But I can't... There's nothing before me to see what's wrong with her life or anything. But there's some reason God's a holding this. I do not know.

I've asked her, wrote here, "Does she believe?"

She said, "Yes."

Now, I shall just pray again. Our heavenly Father, I ask You to be merciful. Grant the healing of this poor woman that's here deaf with this spirit, bound with troubles. I ask You to heal her. Grant it, dear God. If there's anything that's wrong, I ask forgiveness, and pray that You will make known tonight, that she--what is wrong and why that this spirit doesn't leave her. If it's weakness of my own faith, forgive me. If it's weakness of her faith, forgive her. Then, Lord, hear the prayer of Your servant and make this deaf spirit to leave her in the Name of Jesus Christ.

**L-73** Well, it's still moving on her hand. Now, just a moment. I've got some more in the line. I'm going to have her set here just a moment till I can get her behind me and start on with some of the rest of the prayer line. And I can find out what's wrong with her.

Now, you see how helpless a person is till God reveals it? Here she is, standing here. I don't know what--what to do. I can't say until God shows me. See what I mean? How many understand now? See? See, it isn't Brother Branham; it's the Lord. Maybe that's what He's doing that for, that you see that it isn't me; it's Him.

Now, here it is. I can catch her disease here. See what it is, she has female trouble, kidney trouble, and deaf in both ears. And there--there it is. But now, to make it leave her, that's her faith with God. See, that's all I can do.

I'm going to ask her to set here just a minute. Don't want her to leave. I want her to stay here till it's over.

Look. Tell her to look towards me and pray. Now, everybody be reverent. We can see what's wrong with the woman. Just a minute.

**L-74** All right, come right ahead, sister. Now, audience, if you'll notice... Look at my hand now. See? The

same thing isn't wrong with the woman. Frankly, it's something like paralyism, or something. I don't know. I'll have to find out first. It's something that hasn't got a germ disease. There's growth on that woman's ears back there. But what this is here, I don't know. See? I'll have to find this by a vision if God will reveal it to me. If He doesn't I... If He doesn't, I can't tell her. See? Now, if it isn't, I won't know nothing about it. And if I do know, I can't heal her. Healing comes from God (See?), from God. Now, everybody just reverent.

**L-75** Now, you look this a way, sister. Just a moment. I want to talk to you just a minute to touch your spirit. And how long have you been serving Him? A long time? Yes, ma'am. You love Him with all your heart? Do you believe with all your heart? Yes, ma'am. Look, you've had this trouble for some time. It's arthritis. Isn't that right? And you've... In the last year or so, you must've failed quite a bit. Haven't you? And you have. You fell off some. And yes, I can see. You've been falling off constantly in coming down. Isn't that right? I can see you in a vision. Here about a year or two ago, you looked heavier and--and better than what you do now. You been nervous too, haven't you, sister? That's right. Isn't that the truth? Now, do you believe with all your heart that God will heal you? All right.

Now, everybody bow your head just a moment.

Our heavenly Father, I ask You to heal our sister, standing here. Make her well, dear God. May this power of the devil that's bound our sister, leave in the Name of Jesus Christ. Come out of the woman.

All right. Look this a way now, sister. All right. Do you accept your healing now? Say, "Thank the Lord."

Now, raise your feet up-and-down. There you are. Now, you can go off the platform well.

**L-76** Let's say, "Praise be to God." Hallelujah. He's here. He's here to heal the sick and afflicted. Don't you believe that? Now, how many in here wants to be prayed for tonight? How many wants to be prayed for?

Now, I want Brother Lindsay, or some of them to come here. I want to deal with this woman here, this woman that's--that's... She keeps turning her head sideways. You can't tell her, 'cause she can't hear. I want to find out why that spirit won't leave her.

And how many will wants to be prayed for now, just hold up your hand, and say, "Brother, I want to be prayed for, and I believe Jesus with all my heart." Do you believe with all of your heart? You believe He's here to make you well, every one of you? All right.

I'll tell you what I want you to do. How many Christians is in the building, let's see, and around the building, let's see your hands? All believe in Divine healing? All right.

**L-77** I want you that's sick, just the sick ones that want's to be prayed for, stand up, you that's sick and can stand up, you that can.

Now, Christians, I want you to look how many sick people there is. And now, I want each one of you sick people to lay hands on one another. Lay your hands on one another around. That's right. That's fine. Oh, my.

You believe, honey, with all your heart? You believe, honey, with all your heart? You do? Do you accept Him as your Healer, honey? You, brother? All right.

While everybody's in one accord then, let's have prayer. Brother Lindsay, I want all the ministers, if they will, to come out here in front too just a moment. The ministers that believe in Divine healing, I want you to walk out here just a moment.

This is for a purpose now. Seeing this prayer, maybe while you're attacking their prayer, I can see what's wrong here. You see? Putting up a bars here between the audience and this woman here, is where I'm going.

**L-78** All right. That's just fine. Look at the ministers believe in Divine healing. Let's say, "Praise the Lord." Sure. That's fine. If you believe God, you have to believe in Divine healing, don't you? That's true. All right. Now, let's every one bow our heads while we pray.

Our heavenly Father, we believe You now to be the great Jehovah God that led the children of Israel in

the wilderness. We believe that You're here to make well every person that has need of healing. You see their hands on each other.

Lord, there's been something in this woman behind me tonight that I can't find out. And I know that You will show it to me. I know You will, Father. I believe You. And I pray that You'll surround us with Your Spirit, and let me see to this woman just what's wrong.

O eternal God, bless these handkerchiefs here. Heal all that's represented in these handkerchiefs. Make them every one well.

Those people out there, Lord, You see their hands laid on one another. You know all about them. And Father, I pray in Jesus' Name that You will heal every one of them. May the power of Satan turn them loose right now.

In the Name of Jesus Christ, may that sullen, ungodly demon spirit leave. Come out of the people in the Name of Jesus Christ.

That's right, accept it. Believe it with all your heart.

**L-79** Now, look at the people being healed, raising up around. Let's give God praise. Hallelujah. Christians...

Come on, Brother Lindsay. Get her out from the tent.

Accept it. Believe it with all your heart.

Can you, sister, believe it? You there with the cancer, Jesus Christ just made you whole. That's right.

You with an ear trouble, God healed you. That's right.

Move your glasses. That's the way to do it, sister. There you are.

The lady blind, both eyes crossed. There she is, normal and healed.

Let's say, "Praise the Lord." You're being healed, friends.

What about it there, brother? You believe with all your heart?

What about you, brother? Do you believe with all your heart? Accept it.

How do you feel about the trouble? You feel it's gone? Accept it (That's right.) and be healed. God bless you, brother.

How many in here accepts it with all your heart right now? Accept healing.

Let's give God praise while I go to see this woman here to see what's wrong.

Let's say, "Praise the Lord." How many now believes in Divine healing? "I'll accept You, Lord Jesus, as my Healer just now."

O Father, grant the spirit of Satan that's bound these people, to leave them. Just now, may the Holy Spirit take over their lives and make each one of them well in the Name of Thy Son, Jesus Christ. Amen.

### **50-0821 - Tent Meeting, Cleveland, OH (Paragraphs: 61 - 73)**

**L-62** Now, look. Now, that you might know, the Holy Spirit is here. Will you just be reverent, every one of you, just as reverent as you be for a few moments and just look this a way. Now, that you might know that...

You say, "Well, I believe maybe the Holy Spirit's left him." No It isn't; He's right here.

And I'm going to ask our heavenly Father now, if He will heal somebody in this building, somebody that--that you could see, that's actually healed. And let Him show it to me. And you pray for your healing now, and let the heavenly Father show it to me. And if He hears my voice... For the Angel has talked with me, said, "My thoughts in heaven was louder than my voice on earth."

He knows what you're thinking about. And if you... If God will just let me see one of you healed and will confirm that to be so, will you believe with all your heart then, that He's here, and He's blessing...? That--that I...

**L-63** Now, remember, I'm not Him. I just represent Him. I'm His--His channel here. And remember this. He can move from me any time He desires to. He goes at His will. God knows I love Him. And I want

Him to always stay with me, for I love to work with His people. It's the greatest pleasure I ever had. But God... He--He--He can... He has the right. I have nothing for--on Him. He is the One Who can leave me whenever He desires...?... But I love Him and want Him to stay here. But He can leave whenever He wants to. But I trust that I'll have favor with Him, and He will grant His blessing to me.

**L-64** Now, let's bow our heads. Lord Jesus, I--I don't know any time in life... [Blank.spot.on.tape--Ed.]...?... I was in a prayer meeting of this type when I was any more sincere than I am just now. For, Lord, You know I'm weak, and I'm tired; and the meeting is long and dragging out. And I feel, Lord, that--that it was right for me to stay here, for I... If You would not have led me so, I would have left. No matter what would be the cost, I would've left. But I felt that You wanted me to stay, so I stayed, Father.

And I tried to tell to the people, explain to them that You are the One that heals, that You've come to vindicate Your servant, and let them know that it's not me, that it's You. You can take or give at Your leisure. You're God, and there's none other like You.

And now, Father, answer the prayer of those sick people out there, someone, and show it to Your servant, that You've put the blessing of healing upon them, that they're going to be healed, going to get well. And Lord, it'll increase the faith of others, and let them know that You're still here with Your servant. Will You hear my prayer, Father, in the Name of Jesus Christ, the Son of God. Amen.

**L-65** Now, every one just be reverent as you can be, and be in prayer now. Do you really believe that what I've said has been the truth? Have faith, every one. Now, look this way, and believe with all your heart that God has answered your prayer. Now, will you believe me if He shows me. Now, every one there in here, you know that I'm...

I believe He said this section here was roped for the sick, in this section here. I don't know. Is that right? This--this in here? All right. You people right in this line in here then, look this a way. Just believe with all your heart. Have faith.

Now, I can't tell whether it's the lady here or the man. I believe it's you, sir, with the back trouble setting there. All right. Will you obey me as God's servant and believe me? All right. I want you to get up and walk out the back of that tent and raise your hands and say, "Thank You, Jesus, for healing me." For your back trouble has left you, brother. Walk out the back of the tent there and say, "Thank you, Jesus, for healing me."

**L-66** Sister, you have a desire in your heart, don't you? The kind of a little lady there, setting right back behind the lady here with... There, you with your finger up like. There's a desire in your heart for something, isn't there? Isn't exactly a sickness but it's a affliction of some sort, isn't...?... It's deep sincere crave for something. Is that true? Would you stand up just a moment.

I believe this lady here is thinking so hard right in front there. Yes, it's you. You... There's a lady in the back, a young lady there, about... Look this way. Had to get above this lady right here, 'cause she's thinking about the little blind girl setting next there.

And I'm trying my best to see. Yes, I see what it is, sister. All right. Now, you're a stranger, aren't you, sister? I don't know you, do I? But if God has revealed to me, and showed me just exactly what you have need of, will you believe me? All right. You been barren, haven't you, without children? You're desiring a child. Isn't that right? May God grant your desire. Do you believe that God will...? May God give you the baby that you've desired. Now, believe with all of your heart, God...?... Have faith. Don't doubt.

**L-67** Now, let's see back just a little piece farther. Every one will look and believe. Have mercy, God. Yes, here it's coming one right through here. I believe it's the lady with the white... right there with the white hat on, setting right... No, it isn't. It's the lady right behind her with the brown suit on. Stand up, sister. Yes, you had cancer, didn't you? It's left you now. You can go on home rejoicing.

And the man right behind you, that patch over his ear. It's cancer too, isn't it, brother? Have faith in God. All right. God bless you. Go home, be healed up. God bless... Your nervousness and all that has left

you. You removed and go...?...

Now, down in this section here, see if there's any sick people in here now. Look this a way, every one now, and have faith. Now, I can only speak as the Holy Spirit says speak. There they go, rejoicing. Let's say, "Thank God."

I'm not too sure just where it's coming from, but I believe it's the lady with the little girl in her arms. There's something wrong. It's--it's you, isn't it, sister? Is it a female trouble that's bothering you? Is that right? Stand up on your feet. All right. You're healed now. Jesus Christ makes you whole.

**L-68** Just a moment. Here's someone else. This lady setting here with the black dot--or white dotted dress on. She has female trouble too, don't you, sister? Raise up. You're healed now. God bless you. Have faith; have faith.

Now, let's see the cripples. You crippled people, look this a way and believe. Have faith.

Is your boy seem better, sister, with the heart trouble? Yes ma'am. Going to be all right. You feel all right, sonny boy? You're going to be well now. Look at the happy little tot, how he is. Stand up, honey, so the people can see you. Was healed of heart trouble the other night, laying there couldn't even hold hisself still. There he is, healed with heart trouble. Well, bless his little heart.

**L-69** See an aged woman laying there. Look this a way, lady. Poor old mother, gray-headed. Look this way now. Have faith. You're a stranger, sister. Isn't that right? But you're suffering. You're bound with--with rheumatism. Is that right? Now, look and believe. Do you believe this is the same Spirit that told the woman at the well her sins, and told her to go get her husband? You believe it's the Spirit of Christ? You're a sinner yourself, lady, isn't that right? You haven't given your life to Christ. If you'll give your heart to Christ, your rheumatism will leave you. Will you believe that with all your heart? You move now, and give your heart to Christ. Now, rise up from that thing and go out there in the building. You can walk. Go out and the Lord Jesus bless you.

Look down this way, cripples, afflicted people. Brother setting here, blind, with these glasses on. Yeah, you that's raising your hand. Do you believe with all your heart? You believe that God will make you whole? Will you accept my words as God's servant? You will? All right. I'm going to say to you, you'll rise from there and exercise your faith, Jesus Christ will give you your sight. Stand up on your feet. Walk out the tent door over here. Go on. You can see. Go on off. Everyone reverent, please.

Young man, you've been bound for some time too, haven't you? You believe Jesus? Look, young man, you'll be bound to the chair as long as you live if you don't exercise faith and believe. Do you believe it now that you're setting in His Presence? You do? All right. Want you to rise up in the Name of Jesus Christ, and walk on out. You're not bound any more with the powers of hell. Bound...

You believe? All your heart? (What's the number?) [A brother calls the prayer line--Ed.]

**L-70** Say there. [Blank.spot.on.tape--Ed.] Say this before you, but I get too weak before I started the prayer line. All right. Do you believe God knows everything that's in your heart? He knows all about you. I want the ministers to stand here at the end of the line. And as the people come off of the platform right here, I want you to stand here and get... tell them to praise the Lord as they leave the platform. How many Christians is going to join with us in prayer now? Now, all you people standing here with prayer cards, every one of you may be healed tonight. Will you now do what I tell you to do? Just a moment until they get...

All right, brother, how you feeling now? Go right on out. Let me shake your hand...?... Do you see all right now? Move right on out. You got your sight. Go home, tell your people what great things Christ has done. But in the next few days, your sight will be just as normal and perfect as it can be. Go on rejoicing.

**L-71** How many of you here standing in the prayer line now, raise your hands and to this, say, "Lord God, I now commit myself to You. So help me, God, from this time on, I'm going to testify of my healing regardless of what takes place."

O eternal God, bless these people who I bless in Thy Name. May every person that crosses this platform leave the platform shouting, rejoicing, and happy. They've seen Your works now for many, many days, some fifteen days, and they know that You're here and know all the things of their heart.

Now, Lord, for the first time in my life since You've commissioned me to go and to pray for the sick, get the people to believe You, I start tonight in the Name of Jesus Christ to getting the people to believe as I lay hands upon them, seeing that discerning each thoughts and hearts takes so much time. Lord, many are waiting. I pray that You'll heal each one of them in the Name of Thy Son, Jesus. Amen.

**L-72** All right. Every one now be seated that's not with prayer cards to enter the line and wait. All right. From afar. Bless our...?... [Blank.spot.on.tape--Ed.] I ask...?... Jesus Christ, Son of God, I bless this sister for her healing in the Name of Jesus Christ. Amen. Do you believe you're healed, sister? Go shouting. Go praising God for you're healed.

O Jesus, Son of God, heal our dear sister for Your glory in Jesus' Name. Amen. That's right. Go praising Jesus...?...

Now, everyone, thank the Lord. Say, "Thank the Lord," as you leave here saying you're healed now. This is going to be a sign whether that God wants me to do this or not. See? Now, everybody believe.

Father...?... I now...?... Christ...?...

Now, remember. As you come, as you believe, so shall it be unto you. How many knows that's true? It's your touch that draws the virtue of God down. If you don't believe, don't--don't come. If you believe, come right on and be healed. All Christians be in prayer now.

Do you believe, little lady? In the Name of the Lord Jesus Christ, I...?...

[Brother Branham steps from the microphone and it is difficult to understand what he says clearly.--Ed.]

Come forward, sister. O God, I bless this, my sister in the Name of Jesus Christ...?...

[Brother Branham steps from the microphone and it is difficult to understand what he says clearly.--Ed.]

**L-73** Let us all believe Him with one accord. Let's stand right now. Many great healings. How many will sacrifice your card and say, "Now, I believe with all my heart." It's been confirmed both ways, back and forth. Throw your card up in the air, and say, "I trust It right now, Jesus Christ, my Healer." Will you do it?

There's goes... That's the way to do it. Look at the cards a flying. Let's raise our hands and give praise to God.

A crippled man went walking down through there. One of the little old blind girls just received her sight, went away seeing? Being blind, went away seeing with her sight.

Heavenly Father, send Thy power, heal the whole congregation just now, Lord. Satan, turn them loose in the Name of the Lord Jesus Christ, may they go and be healed right now...
