L-34 Brother Baxter... All right, Brother Mattsson, you... I want you to wall up now in faith and believe with all your heart. How many is going to believe with all your heart? God bless you. Now, my sincere prayer is, "God, be with you all. Help you. Make believers out of every one."
Before we even start the prayer line, I see the Holy Spirit or Angel of hanging yonder, right yonder over this audience. Before we even have a prayer line started, you believe with all your heart? If the Holy Spirit reach into that audience and show the audience the sign from heaven, would you believe it with all your heart?
There's a lady setting right there, someone who has a little girl that's got heart trouble. She's very seriously. She can't even get out of bed. Isn't that right, sister? Stand up to your feet. She's about twelve years old, I believe. Is that about right? You don't have a prayer card, do you, sister? No, you don't have a prayer card. You won't be called in the line then, so just stand where you are. The child's fading right before you there.

L-35 Almighty God, be merciful. I'm thinking of Jairus' little daughter about twelve, the only child they had. And this woman, doubtless, is come tonight to seek mercy, and her heart bleeding back to that child laying yonder.

53-pl-08, Prayer Line 53-08, 51 min

God, grant that that little thing will be healed. May the Angel that came into the prison and released Peter, that great shining Light, when they were praying down at John Mark's house, may He go into that home tonight and release that little girl from that heart trouble. Send her on her road. I pray this blessing to her in Jesus Christ's Name, while her mother weepingly asks for the God's glory. Amen.

God bless you, sister. As soon as you get to the child, you take your left hand, lay it over on her heart, raise your right hand to God, and thank Him for what He did for your child at Calvary. Amen. Have faith in God.

All right. Lady, would you come just a little closer, if you will? You believe with all your heart? You do. You believe that the Scripture testimony of Jesus Christ is the truth? You do. 'Course, I see you have a lump on your nose there, a place on your nose. Anyone could see that and know that you'd like for that to be taken away. *[Mark 5:22-24, 35-43]*, *[Luke 8:41-43, 49-56]*

L-36 God can do that, but one of the main things that you're concerned about tonight is, you're very nervous, upset; and you have arthritis also. Isn't that right? And you--you've had an operation, and that operation was a rectal operation for a tumor. You've never been well since. Is that right? You want to be well then? I say, do you want to be well now? Raise up your hand and accept Jesus Christ as your Healer? Do you do it? Then go in Jesus Christ's Name and be made well. Amen. Now, go rejoicing. Yes.

Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.]

Sister, do you believe with all your heart? You want... You don't never want to go blind. Your eyes are going bad all the time. It's a... It's getting kindly flattening of the eyeball, and it's about to take your eyes out. You want to be made well, don't you? Come here just a moment.

God, Who made sight in eyes can give you your sight. Lord, heal the woman. I pray that this condition will leave her in

the Name of Thy Son, Jesus Christ. Amen. Go now. Accept it, do you, sister? Go. Go saying, "Thank You dear Lord for healing me."

L-37 All right. Come, lady. You realize and know that unless God helps you now, you're not going to be here long. You got a cancer. Is that true? But when you come up that steps something begin to speak to you. Isn't that right? Then believe Him. It'll be over. God bless you. Go, and may God's peace be with you. Amen.

My dear sister, with number one enemy of this life, heart trouble, but God can make you well of that. Do you believe it? Will you accept it now? You do? Just a minute, lady. What was your trouble? What trouble would you had? Can... oh, that... yours was heart trouble, was it? Heart trouble. You have heart trouble too. You believe that God will make you well? You do? Stand upon your feet. Now, both of you can be healed. Go home. God bless you.

If you understand, demons scream to one another. They're trying to have help one from another. God is the only One. God bless you, sister. That's being humble before God. You got female trouble, haven't you, sister? If I told you Jesus Christ healed you nineteen hundred years ago, would you accept it? Then go in the Name of the Lord Jesus and He make you well.

You believe that He will heal you of this cancer and take it off of you? Lord Jesus, may You grant it in Jesus Christ's Name. May the man go and be healed. Amen. God bless you. Go, don't doubt nothing. I want you to show us that faith in a couple of days. All right.

L-38 Howdy do, sir. You want to get over your condition? Your arthritis be made well, and go home? Well, don't matter how long you've had it, if you'll believe right now that Jesus Christ make you set, perfectly whole, set you free, will you--will you accept it? Raise up your hands like this. Say, "I believe it." Clap your hands together like this. Say, "Lord, I believe." Put

L-79 Let's say, "Praise God." [Congregation says, "Praise God."--Ed.] I want you to stand...?... Brother Tommy.
You believe Him? You want to get over the hay fever? Go, accept your healing in the Name of the Lord Jesus.
Come, sir. You believe Him with all your heart? You are? You've come for a good reason. You're doing wrong. You got a habit you want to leave behind. You believe God will take it away from you tonight? Believe God will make you well? You do? All right. Cursed be the devil that binds this man. Thou demon of alcohol, come out of the man. Go, and drink no more as long as you live, give your heart to Jesus Christ and be made well.
Just a minute. Now, just a moment. Have faith in God. *[Mark 11:22]*

L-80 Where's the crippled man at, that somebody, here? Here, it's this man on the cot. Do you believe me to be God's servant? Look over this a way a minute.
Young man, I couldn't heal you. I know nothing about you. God knows that, but you--your life is in the hands of God. You believe me to be His servant? Your wife, setting there by you, or she's not your wife; she's your sweetheart, and you're suffering with leukemia, cancer of the bloodstream. You're going to die if you lay there, and the doctor can do no more for you. You've only got one opportunity, and that's the blessed promise of the Lord Jesus Christ.

L-81 The people pulled you over here in this place tonight, after they brought you in, put you in here, they pulled you over here a purposely, thinking that you'd lay there, and they ask you to believe. And if you'd believe, that the Spirit of God would pull me to you. Is that the truth? All right. Do you believe me to be His servant? Do you accept Jesus Christ as your Healer? You do now? You forsake everything and accept Him as your Healer? Then in the Name of Jesus Christ stand up...?... in the Name of Jesus Christ. Hallelujah. Come, Brother Osborn.

your feet up and down like this. Say, "Lord, I believe." Now, go ahead. You're free. God bless you. Go and be made well. Yes, sir.
Oh, you--you, yeah. You hear me now of course. See? Your deafness and everything... Has prostate which was making you--making you nervous too. All that, that... He don't heal you just of one thing. He heals you of all, brother, even your astigmatism and all. See, you've been deaf in this ear for years. Yes, sir. Now, you hear me though, don't you? Say, "Amen." You're not deaf no more, brother. When He heals you, He heals you completely. See?
All right. Come, sister. You want to get well; you want to be made well too. Lord Jesus, I pray that You'll heal her. And may she go off the platform rejoicing in Jesus Christ's Name. Amen. God bless you. Pull the cotton out and go ahead now. You're all right. All right. Say... Okay.
Come, brother, you believe with all your heart? Lord, heal the man. I pray that Your Spirit will be on him now, and he will go away from here rejoicing, happy and well in Jesus' Name. Amen. Now, go thanking God. It's gone from you, will not return.
Let's say, "Praise be to the Lord Jesus." Believe this? Are you having faith?

L-39 Do you know the woman setting next to you? Do you know this lady over here? This here... Kind of shocked her awhile ago when she seen you getting healed setting next... Now, look. You have a blockage in the veins (You see?), and God will make you well. If you believe... This lady... Will you believe that she... You're healed. God bless you, sister. That's all you have to do is have faith and believe in God, and God will make you both well. Do you believe that? Believe you both together was healed right now? God bless you then, receive it. Amen.
All right, sister. What do you think about this all? Do you believe it to be of God? You? And do you believe He is your

Saviour? And you believe that He's coming someday to receive you? You believe it? And you believe until that time that He's made a provision for you to live happy? He has.
My, very nervous, haven't you been? You've had a--weak spells. You can hardly stay up very long at a time. Isn't that the truth? That's all caused from an operation you've had. You've had one of your lungs removed. Is that right? You believe God is your strength now? Then go praise Him with all your heart, and you don't have to go back to bed. God bless you.
Let's say, "Praise be to God." [Congregation responds--Ed.]

L-40 Oh, how He would heal... Come, sir. How He would heal every person here if you'd just believe at this moment. They should never have no one else to pass through the line. Every person could be made well.
Sir, you and I are strangers? We don't know each other. Only God knows both of us. That's... I don't know you. You don't know me. But you realize that we're standing in His Presence. You got stomach trouble, sir, an ulcerated stomach, and you're a preacher. Is that right? Go preach Divine healing from this on. Eat what you want to and God bless you, my...?... Amen. Come...?...
Do you believe, sister? You've been nervous for years, but Jesus Christ Who stilled the waters on the sea that night, stills your nerves. God bless you. Now, go believe that with all your heart, you'll be... you... God bless you.
Come, lady. Do you believe with all your heart, soul, and body? Yes. You're very conscious that something's happening to you. Now, if you'll believe that, just like you are now, your heart trouble will be gone from you the rest of your life. It is now, if you can keep believing the way you are now. It'll remain gone the rest of your life. God bless you.
Let's say, "Thanks be to God."

L-41 Come lady. Howdy do. Do you believe with all your heart? Do you believe that Jesus Christ, the Son of God, is

Let's say, "Praise be to God."...?...
You believe God will make it well. In the Name of Jesus Christ I bless this child for its healing and the mother too. God bless you. Go on your road rejoicing now, thanking God for it.
You believe with all your heart? You believe that God will make you well?

L-77 Looks to me that anyone would see standing right there. Can't you see that whirl of Fire, Pillar of Fire hanging right down there? See? I see It breaking loose to the woman. She's kind of a dark skinned woman and she has been operated on for a tumor in the breast. She has a... She's a... table moving before her. She's got stomach trouble.
There sets the lady, setting right down there with your little round feathers like on your hat or something. It's you, lady. You that look raised your... That's you. Stand up to your feet. Didn't you just have an operation, right there? Is that right? All right. You're healed. Now, go home. God has made you well. Amen.
Everybody ought to believe. Listen, lovely Christian friends. I can't heal people. I am not a healer. Jesus Christ has healed you. He's already did it.

L-78 You setting there, sir, looking at me so sincerely, back there in that second row. You've got somebody on your mind, a man with a blue-looking shirt on, his collar open. You're studying about somebody. It's a--it's about a brother, and a brother is a... stand up. There's another man standing in front of you. A vision is... It's--it's a brother that's blind and you got a mother. She has heart trouble. Is that right? Isn't that them setting right next to you? And in the vision when I seen you at your house, before you left, isn't that your wife setting right next to you there? Is that right? Will you with that much faith, you know what I'd do if I was in your place? I'd give up that habit of smoking cigarettes and accept their healing. Will you do it? God bless you. Amen.

Lord grant it to you. Go, eat what you want to now. The stomach trouble's left you. Amen.

L-74 What do you think, little lady? You believe with all your heart? There's Something striking you that's never hit you before in your life. You're realize that you're in the Presence of Something. Isn't that right? That's right. You've always been a nervous, upset child, all through school and everything. Isn't that right? Do you believe it's gone from you now? It has. Now, go and say, "Thanks be to God, and give the praise to God."
All right, sir. You believe your eyes will get well? In the Name of Jesus Christ grant it, Lord God. Go thanking God for it.
You believe, sir, you'll get well? In the Name of Jesus Christ heal him, Lord. I pray in Jesus' Name. Go, thanking Him, saying, "Praise the Lord."

L-75 Come, lady. You believe with all your heart? You go home and lay hands on your sick child. Your asthma will leave you now. Go on. Praise God. Give Him thanks and praise. You shall have it.
O bless be the tie that binds our hearts in Christian love. The fellowship of kindred minds is like to that above.
God bless you, sister. If you'll believe with all your heart, you'll never go blind. You believe it? God bless you. Go and receive it.
Come, lady. Amen. Oh, what a night, what a time. What a privilege, setting together in heavenly places in Christ Jesus: in Christ Jesus.
Come, lady. You want to get over that back trouble? Go and accept Jesus Christ as your Healer and say, "Thank You, Lord Jesus." You shall have it.

L-76 Come, lady. You believe? With all your heart? If I wouldn't say one word to what was wrong with you, yet you believe that you're healed? Is that right? Then go eat what you want to. Your stomach trouble's left you. God bless you.

here Who could perceive the thoughts of the people like He did in that day, who could break you life to pieces and show right here just exactly what's wrong with you and so forth? Just like He told the woman at the well about her husband? But it's not a husband condition to you, what it is, it's your back. You're healed. Go on. God bless you.
Let's say, "Thanks be to God." Let's have faith in God.
Come, lady. Our Lord Jesus Christ never loses. He can't lose. If you'll understand, Christian, that Jesus here on earth did not claim to be any healer; He only claimed to do what the Father showed Him to do. He said, "The Son can do nothing in Himself, but what He sees the Father doing." *[John 5:19]*
There was people healed, of course, that He didn't even see anything about them. A woman touched the hem of His garment. He said, "Thy faith has saved thee." *[Matthew 9:20-22]*

L-42 And one day two blind man... I'm only resting now just for a moment. The two blind man came through the streets and crying for mercy, and He never paid them any attention, because the Father hadn't showed Him nothing. And they went on into the house, and they brought the blind man to them and they cried for mercy, and He touched their eyes, saying, "According to your faith be it unto you." Is that right? The woman, the Syrophenician woman, said, "As thou has believed, so be it unto thee." See? But now when the Father showed Him anything, He pronounced it.
Look at Him going through... How many believes He was loving and full of compassion and loved the people? Didn't look like very much of a display of that when He passed through the pool of Bethesda where great multitudes of impotent folks laid there: lame, halt, blind, withered, waiting for the moving of the water. *[Matthew 9:27-30]*

L-43 And Jesus come right by every one of them and never touched a one. Full of love, full of compassion, He was more than that He was God. He was God invested... God was in Christ, reconciling the world to Himself. You believe that?

And He was… He moved right through there, the great Emmanuel, right through all those crippled and afflicted people and never touched a one of them. *[II Corinthians 5:19]*
But He knew where there was the man laying on a pallet that had had an infirmity thirty-eight years. Is that right? Could you imagine Him passing a little water-head baby, a poor old father drawed with arthritis, a blind mother with a bunch children at the home, Him passing right by? And He healed that man on a pallet. He wasn't going to die with that disease. He'd had it thirty-eight years, but the Father had showed Him where that one was. *[John 5:1-19]*

L-44 And He healed that one, passed the rest of them by and went on about His business. The Jews questioned Him. The 19th verse of the same chapter, He said, "Verily, verily, I say unto you, the Son can do nothing in Himself, but what He sees the Father doing. Whatever things the Father doeth, He showeth the Son and He doeth, the Son also. The Father worketh and I worketh hitherto." *[John 5:17, 19]*
See what I mean? Now, if He is risen from the dead, He said the things that I do, shall you also. Is that right? Now, He could perceive their thoughts, catch what they're thinking, so forth like that.
Well now, if He's risen from the dead and living in His Church, not just in here. I'm just one of His members. You're His Church. We're altogether one unit of believers.
You say, "Well, Brother Branham, I'm a Methodist though, but--but I've been borned again. I got the Holy Ghost." You're a believer. You're one of them. Say, "I'm a Presbyterian, Baptist or what..." That doesn't matter. As long as you've got the Holy Spirit, brother or sister, you're my brother and sister, you're God's son and daughter. See?

L-45 And the Spirit can move through us. Now, these things by our teachers is just cheated us from them. We ought to have been way up the road. How can we ever go in the rapture… Do you believe the Church will be raptured

Christ may you be healed. Amen.
Let's say, "Praise the Lord."
Is this your son? Do you believe that God will reveal to me the trouble with that child? With all your heart? And if I will be, by the help of God, reveal that child's trouble to you, by the Spirit of God, you then you'll believe that God is in His Church doing the same things He did. He's a nervous child. Is that right? Lay your own hand on his head, say, "God, I accept his healing and...?... for this boy, Father. Satan, come out of him. He's out of you, son. Go off the platform. You're going to be well.
Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

L-72 All right. Bring the lady. You believe with all your heart? Believe Jesus Christ makes you well right now? Go, thanking God, saying "Praise You, Lord. Praise You." Don't never have no negative testimony; testify positive. "Jesus has healed me, and I'm well." Go and you will receive your healing.
Say, "Praise be to God."
All right. Come, young man. What do you think about this? You believe it? You believe that nervousness is going to leave you? You believe it has left you? You believe Jesus Christ takes it away from you. Then He has. Amen. God bless you. Go and...?...

L-73 All right, lady. You want that cataract removed from your eyes? You do? Accept Jesus as your Healer. Believe the thing's dead right now and...?... that eye? You shall have it. Go and praise God. What you believed, you shall have.
Come, lady, and get over all that nervous and upset condition. In the Name of Jesus Christ may you go and be healed. Go thank God. Praise Him...?... with all your heart.
Brother, you received it while you were setting down there. Go on...?...
All right. Come, sister. You believe with all your heart? Oh, how...?... In the Name of the Lord Jesus Christ...?... May the

Amen. God bless you, my sister. Go, and God's peace be on you. Hallelujah. Have faith in God. *[Mark 11:22]*

L-69 You, true believer. With all your heart, all your heart. You--you got something wrong in your chest, and you got, I believe it's something in your eyes, a cataract, sinus glands pulled down like that. Isn't that true? And aren't you a visitor here? You've come from Canada. Say, you got a wife that was sick, and this man right here prayed for her and she was healed. So are you. God bless you…?… So you see, I was standing there, Tommy…?... Have faith in God.

Come. You believe? In the Name of Jesus Christ, may you receive your healing. Go, shouting the praises of God, believing. Amen. Lord Jesus, bless her, and restore it to her in Jesus' Name. Amen.

Can you hear me all right? You're healed. God bless you. Go on and God be upon you now. *[Mark 11:22]*

L-70 How do you do, sister. Come. Do you believe with all your heart? Stiffened up with arthritis, and nervous, and upset, say, "Thank You, Jesus, for healing me." Now, go off the platform rejoicing, saying, "Praise be to God," and be made whole.

You believe with all your heart? You want to get over the hay fever? Just keep on going and praising God, say, "Thank You, Lord Jesus. Thank You."

All right. Believe with all your heart. Do you believe? In the Name of Jesus Christ, may he be healed. Raise your hand and say, "Thank You, Jesus." There you are. Praise the Lord.

All right. Come, sir. Get over the heart trouble. Just raise up your hand and say, "Thank You, Lord, for healing me." Amen.

L-71 Come, sir. You believe with all your heart? You believe that that old nervous condition's left you? In the Name of the Lord Jesus receive your healing.

Let's say, "Praise be to God."

You believe, sister, with all your heart? In the Name of Jesus

someday?

"We which are alive and remain shall not prevent them which are asleep. The trumpet of God shall sound; the dead in Christ shall rise first." How are we going to have rapturing faith when we haven't got healing faith? Hear me. *[I Thessalonians 4:13-18]*

There's coming an hour that when the Church of Jesus Christ shall rise in Her beauty, signs and wonders will fall from everywhere, and I believe that hour is at hand. Amen.

How do you do, lady? I'm a stranger to you, lady. You're a stranger to me. I know nothing of you. God knows you, but here's a perfect case again of our Master talking to a--to a Samaritan woman. It was a woman of another race. The Samaritans was a different race from the Jews. Just like we're two races. I be a white man. You're a colored lady. *[John 4:1-21]*

L-46 Now, Jesus when He talked to her… Why--why are you say, Brother Branham, why do you talk to people so much? What makes you do that?" Well, the more I talk to people, more He reveals.

Now, if God has risen from the dead and living in His Church and promised the things that He did, would we do also… Do you see what I'm getting at, the congregation? I want them to see that this is not some nonsense. This is absolutely in the Bible, THUS SAITH THE LORD.

It hasn't been preached. They should've knowed Jesus when He come, but they called Him Beelzebub, a great fortuneteller, turned it away, but He wasn't no fortuneteller. He was God. And today the people who believe in the miracle working power of God are considered fanatics, but He said, "If they called the Master of the house Beelzebub, how much more will they call His disciples?" *[Matthew 12:22-30]*, *[Mark 3:22-30]*, *[Luke 11:14-23]*

As soon as Jesus talked to the woman and caught in the channel where her spirit was, He knew what was wrong with her. She was living in adultery, and He told her so. She had

five husbands.
Well now, Jesus is risen from the dead and living among us tonight. Now, He may not, but He can, and the same miracle repeat again right here. Is that right? Do you believe that? *[John 4:1-29]*

L-47 But your trouble... And Jesus Christ is here. Your trouble is female trouble. You've had it for some time. It was caused from childbirth. Isn't that right? Birth of a child... You have a boy, a little boy about three years old, a little tot. I see him running around. Isn't that right?
And here's another thing that's bad with you; you have times of hemorrhages, bleeding. It goes for two or three months at a time. Isn't that right? Do you believe that woman touched the hem of His garment was made whole? You believe your faith is touching Him now? God bless you. Then go and the hemorrhage stop. Then God bless you.
Without saying a word to you, lady... Visions are hard on me. You understand that. Do you believe that He will heal you if I ask Him? Come here. Father, in the Name of Thy Son, Jesus, heal the woman. I pray in Jesus' Name that You'll grant it. Now, go thanking God, saying, "Thank You, dear God." Be made--made well. *[Matthew 9:20-22]*

L-48 Having faith. All right, sister, if I wouldn't say one word to you, you still believe that you'd... You're a very sick though, lady. Got a cancer and it'll... There's nothing could be done outside of God. And you believe... you now believe? You now accept upon the death of Jesus Christ and His stripes at Calvary. You believe He heals you right now? *[Mark 11:22]*
Then in the Name of Jesus Christ, I rebuke that devil of cancer; may it leave you. Almighty God, You Who said they'll lay hands on the sick, they shall recover, grant it to this woman, in the Name of Thy Son, Jesus.
Go, sister, rejoicing. Renounce the cancer. Have no more to do with it. Just believe God with all your heart.
You want to get the same thing for the same purpose. Go

you you were healed, sister. Don't doubt me. See that you've got me... you don't... Now (See?) you are healed, aren't you? See, you can hear. All right. Your female trouble's gone too. Your nervousness is left you. Your hearing...?... hadn't heard for years. Amen. Say, "Praise the Lord." [The lady says, "Praise the Lord."--Ed.] All right. Go off the platform shouting. Don't doubt. If you doubt, it'll come back on you again. Don't do that. Believe. Have faith in God. Amen.
Believe, sister? Say, "I thank You, Jesus, for healing me." Go and say, "Praise the Lord." *[Mark 11:22]*

L-67 All right. Come, lady. You believe with all your heart? Believe that Jesus Christ is here to make you whole? Say, "Thank You, Lord Jesus, for healing me of arthritis. I won't have it no more." Go, go. "Thank You, Lord Jesus."
Do you believe, lady? God heal this poor little woman and make her well in Jesus' Name. Amen. Go, God bless you, mother. May the Lord bless you.
Let's say, "Thanks be to God."
Now, be reverent. Be reverent now. Keep watching the Spirit of God moving, just moving. When somebody's being healed here, you--you take the same thing. You just accept it by faith. Believe it with all your heart. God will make it so. Amen.

L-68 All right. Come, sir. You believe with all your heart? Are you all believing with the man on this cot, stretcher? Are you believing? You're believing? All right. Just have faith. Keep praying. Way back in the back, believe.
You that just raised your head up back there, sir, believing with the white coat on, back on that side. Oh, it's about the little lady set... That's you. Yes, sir. It's the lady setting next to you. Oh, she's--she wants to receive a child, a baby. I see her moving, is that right, young lady? Do you want to receive it? Do you believe? Raise up your hand then. God bless you. Stand up to your feet. Lord Jesus, may she be fertile and bring forth that which she desires. I pray in Jesus' Name.

All right. Come, lady. Put your hand over here on my shoulder and say, "I believe with all my heart Jesus Christ is the Son of God." Do you do that with all your heart? Yes. All right walk off the platform, saying, "Thank You, Jesus, for healing me of that condition." Amen.
Come, sir. You believe with all your heart? You believe that God is here to make you well? Nervousness is a hard thing for a man your age, but you can be healed of it now. Do you believe it? All right. It's caused from a prostate trouble.. Go on off the platform saying, "Thank You, Lord Jesus." Amen. And God...?...

L-65 Come. You believing with all your heart? I'm just wanting to see how many people is getting healed around out there in that audience with the same thing that's happening here on the platform. All right. Your heart trouble's left you, lady. Just get ahead.
Let's say, "Thanks be to God." [Congregation says, 'Thanks be to God."--Ed.] Oh, how I love Jesus because He first loved me. Purchased my salvation on cold, dark, Calvary. Believe.
You accept your healing, lady? Go say, "Thank You, Lord Jesus, for healing me."
Come, lady. You want to get over that back trouble, kidney condition? Go, say, "Thank You, Lord Jesus, for healing me." Believe with all your heart.
Come, lady. Nervous, fluttery, heart condition. Go, accept your healing in the Name of the Lord Jesus and get well.

L-66 All right. Come, lady. Also conditions of the heart. You got awful hay fever that's bothering you. Isn't that right? Go on and accept your healing in the Name of the Lord Jesus.
Come, lady. You believe with all your heart? You want to get over that old female trouble that's bothered you all these years since the children? Say, "Thank You, Lord Jesus, for healing me." And go off of here re...
No. You just thought they was. They were healed right there. You see? You hear me? Sure you do. You hear me now? I told

right now. God bless you. Be made well.
Let's say, "Praise be to God." Amen. *[Mark 16:18]*

L-49 Now, be faithful. Have faith in God. Now reverent, just as reverent as you can be, for the Spirit of God is very timid. Everyone knows that. Sometimes if you're moving around, it interrupts. You see? You're conscious. Every one of you in a--in a unit of yourself is a supernatural being. You know that? *[Mark 11:22]*
You say, "Brother Branham, that's psychology." It is not. If it is, Jesus Christ used it. Why, He took the people out of the multitudes, took--led a man out of the city to get give him his sight again. Is that right?
And when He went up to Jairus' house to raise the--the daughter of his--his little girl that was sick and died, they all began to lament and go on, and He said, "She's not dead. She's sleepeth." Why, they laughed Him to scorn, made fun of Him. You know what He done? Put them every one out of the house. Is that right? And then He raised the girl. Is that true? *[Matthew 9:23-25]*, *[Mark 5:35-43]*, *[Luke 8:49-56]*

L-50 When Peter come down, when they come from Joppa down, sent Peter down to pray for Dorcas... How many knows the story? All the widows was standing around crying and lamenting because they'd lost Dorcas. You know what Peter done? All that unbelief, he just put them every one out of the house, knelt down and prayed. Is that right? Went and brought Dorcas up. *[Acts 9:36-43]*
Look at the Shunammite woman when her baby had died, and she got on this mule and rode to see Elijah; and Elijah... I think there's where Paul got putting handkerchiefs on the sick. Elijah had the staff in his hand. He knowed that everything he touched was blessed. He knew that, if he could get the woman to believe it.
And he told Gehazi, said, "You take my staff and go, and don't you talk to anybody, but lay that staff on the baby." But the woman's faith wasn't in the staff. It was in the prophet. She

said, "I'm not leaving you, as your soul lives and never dies," said, "I'm not leaving you." *[II Kings 4:8-34]*

L-51 So Elijah just girded up his own loins, got his big old piece of--of leather and girded around him and away he went. When he got to the house there, the yard was full, screaming and crying, but the woman took the baby and laid him on the prophet's bed, very good place to lay him (That's right.), in the little chamber where she had done him a favor. And in other words, she give him an offering and put it out there and a place where a little candlestick and a bench and a bed and so forth, and she laid the baby in the prophet's chamber. *[II Kings 4:8-34]*

L-52 And then Elijah, when he walked in, he walked up and down across the floor, never took any of them with him. He went by himself. He prayed and prayed, and then went and laid his face upon the baby's face, and the baby sneezed seven times and come to life. Isn't that right? Sure. *[II Kings 4:8-34]*

Not psychology, friend, but the power of God alone. Jesus said, "When thou prayest, be not like the hypocrites, stand and make great big lovely prayers that's taught." He said, "Go into a closet, close the door, and pray your Father Who seeth in secret." It's always that way. Have faith in God. *[Matthew 6:5-8]*, *[Mark 11:22]*

All right bring... Excuse me, sister. I don't want you to think... I... Sometimes visions gets me. You--you... It's all right. You understand.

Now, for instance, yourself, if I wouldn't say one word to you, I--I believe you'd believe anyhow. Yes, sir. You'd believe anyhow. All right. Then your eyes would get well, wouldn't it? That's what one of your troubles is. The next thing is your stomach, and there's something wrong with your feet. Isn't that right?

L-53 Say, aren't you a teacher or some kind of a student of philosophy. Is that right? Go, practice on Jesus Christ, the

couldn't it, that back you got? But Jesus Christ will make you well. You believe that? You accept it now? God bless you. Go and be made...?...

If God can show me out here by a vision what your trouble, will you accept your healing from Jesus Christ? Yes, ma'am. You have something stiff in the hips. It's arthritis. Is that right? If it is, raise up your hand off my shoulder. Now, it's gone from you. Go off the platform rejoicing, say, "Thank You...?... believe.

L-64 All right. How do you do, lady? You believe with all... God will make you well of...? You got an oppression. It's something that haunts you, a nervous condition. Isn't that right? You're healed. Go. God bless you now.

On your road down here, you did the same thing. Didn't you stop beside of that tree? God bless you. Now, go on. You're healed in Name of the Lord Jesus.

Lady, do you believe with all your heart? Believe it? Accept your healing then in the Name of the Lord Jesus Christ. Go and be made well.

L-61 Come, lady. Do you believe with all your heart? If I wouldn't say one word to you, yet you'd believe it, would you? You would believe? Standing between you and I stands a table. Food is on it, and you've walked away from it. You want to go set down and eat and be made well? Will you believe Jesus Christ heals you right now of that stomach condition? You do? God bless you...?... Go. The Lord bless you, my sister.
All right, lady. My. Could cause you some horrible trouble,

Son of God, and tell Him that you believe Him with all your heart, and you'll get well. God bless you. Amen.
Let's say, "Praise be to God."
Listen. Oh, don't weary. Don't... Just cry out. Jesus said, "If they hold their peace, the rocks will immediately cry out." Go believing, sister, and God bless you and make you well in Jesus Christ's Name. Amen. Believe with all your heart. Believeth thou this? *[Luke 19:37-40]*, *[John 11:25-27]*
How do you do, sister? You're not nervous no more. You was healed setting down there in the chair. Go ahead. God bless you. Give God praise.

L-54 Come now, believing. All right. Come, sir. You can eat if you want to. You want to? Well, the ulcer's gone then. Go ahead. God bless you and get... Be well. All right.

L-55 You believe with all your heart? Hallelujah. Be reverent. Now, remember, friends, when evil spirits are leaving these people, and they're loose in the building, if you come up in a few days showing some kind of a sickness, remember it's not my fault. For you're supposed to do as I tell you here. Every spirit in the building is subject right now. And demons as soon as they come out, they'll find some place to go.
Remember, they wanted to go in some hogs one time. Is that right? So be reverent. Now, if I didn't know what I was speaking of, you'd take my word. See? Those feelings, I feel them as they're still pressing, moving in the building like that and all at once they're closed, they're gone. I don't know where they went. I don't know.
